Re: AMP Corporation, Glenrock Facility, Glenrock, PA

Dear Mr. Dalla Piazza:

By letter dated August 29, 1995, EPA informed Pennsylvania Department of Environmental Protection's (PADEP) that EPA, Region III was considering deleting the AMP, Incorporated's Glenrock Facility Site (the "Site") from the National Priorities List (NPL). As further explained in that letter, this proposed deletion would be in accordance with, and based upon, "The National Priorities List for Uncontrolled Hazardous Waste Sites; Deletion Policy for Resource Conservation and Recovery Act Facilities", as published on Monday, March 20, 1995 on pages 14641-14645 of the Federal Register (as attached thereto). Through that August 29th letter, EPA also sought PADEP's input, or concerns, regarding such deletion.

As of this writing, EPA has not developed the notice of intent to delete the Site from the NPL. In accordance with 40 C.F.R. Part 300.425(e)(1), this is EPA's second attempt to consult with PADEP prior to developing such notice of intent. Such notice of intent will be prepared after EPA has finalized the closeout report. In accordance with 40 C.F.R. Part 300.425(e)(2), after EPA has prepared such notice of intent to delete, EPA will provide you, as representative for PADEP, with a copy of such notice and 30 working days to review of such notice. EPA anticipates providing you with such notice during the latter part of January 1996. EPA will simultaneously seek PADEP's concurrence on such proposed deletion.

AR000613

If you have any questions or concerns regarding any portion of this letter, please contact me at your earliest convenience at (215) 597-0676.

Sincerely,

Frank Vavra, Project Manager
